Mr. Brian Smith, Principal
B.A. Franklin College
M.S. Butler University

The modern generation of students requires a leader who must prepare them for a changing world, sacrificing none of the values of the past. He must be a capable leader, but willing to accept the worthwhile suggestions of others.

The administration of a school is not a privilege, but a responsibility that weighs heavily on the mind and personality of its leader. In the hands of the administrator lie decisions which can bring fame or ruin to his pupils. This responsibility must be maintained and perpetuated as the great gift that it is.

In Mr. Brian Smith we are fortunate to have the qualities of a leader without the sacrifice of a well-rounded personality necessary to the vitality of a school. To him we can turn for a perspective which will give us successful and serviceable lives.

MISS DOROTHY KEPNER

Miss Kepner's duties as school secretary, treasurer of extracurricular activity funds, and recorder of attendance statistics involve behind-the-scene work that is vital to the functioning of a modern school. She is constantly dispensing duties in all parts of the school with her usual crisp efficiency and devotion to work. In her thirteen years of service to our school we, the class of 1963, have come to admire and respect her, and we entrust this admiration to the future graduating classes of Fishers High School.
